A DRAWING SHOW

curated by Dan Graham

21 June - 28 July 2012

"I have selected some of my favorite drawings submitted to me by favorite artists, including middle-aged, 'young' artists whose work is best known in the area of performance or large sculpture. My main criteria aside from the works' aesthetic qualities, is the way the work deals with clichés and eccentric humor."

The exhibition will include drawings by Ceal Floyer, Simone Forti, Wineke Gartz, Jef Geys, Nicolás Guagnini, Mieko Meguro, John Miller, Matt Mullican, Julia Scher, Michael Smith, and William Wegman.
