***While life is in your body, you have the rein of all thoughts in your hands***

**Luhring Augustine (online)**

**April 27 – May 29, 2021**

Luhring Augustine is pleased to present *While life is in your body, you have the rein of all thoughts in your hands*, an online exhibition of works on paper by Allison Katz. Made between 2006 and 2021, this group of works exemplify Katz's engagement with the complex and at times contradictory nature of contemporary artistic production. For this presentation, the artist has written accompanying texts for a selection of images. Her work embraces the ambiguity of communication with a playful and inquiring touch that expands the conventional notion of an artist's "signature style."

In May 2021, Nottingham Contemporary will present the London-based artist's first solo museum exhibition in the UK; the show will travel to Camden Arts Centre, London in 2022, and will be accompanied by a catalogue. A comprehensive monograph on Katz's work was published by JRP|Editions, Geneva in 2020.
