Frieze Seoul  
Booth C5  
September 2 - 5, 2022

On the occasion of Frieze Seoul 2022, Almine Rech will bring together artists represented by our gallery who demonstrate distinctive practices within painting and sculpture, spanning a wide range of generations and origins. Composed mainly of recently executed wall-based works, this year's booth reflects the gallery's diverse program, showcasing artists that exemplify new currents and expansive investigations into different mediums.

The booth will highlight mostly recent works by established, mid-career and emerging artists: **Javier Calleja, Brian Calvin, George Condo, Genieve Figgis, Gregor Hildebrandt, Ryoji Ikeda, Scott Kahn, Minjung Kim, José Lerma, Tali Lennox, John McAllister, Peter Peri, Ted Pim, Rudolf Polanszky, Tursic & Mille, De Wain Valentine, Brent Wadden, Tom Wesselmann and Zio Ziegler.**
