

# STEVE TURNER

Untitled, Miami Beach

November 28–December 3, 2022

Steve Turner is delighted to participate in Untitled, Miami Beach, November 28 - December 3, 2022. This is the tenth edition of Untitled and the tenth time that the gallery will have a prominent presence at the fair. The booth will feature works by nineteen artists, six of whom will be showing work with Steve Turner for the first time in advance of their 2023 debut solo exhibitions in Los Angeles. The other thirteen artists have already had between one and four solo exhibitions with the gallery and have also been featured in international art fairs. In this regard, Untitled once again serves as both an incubator for newcomers and a showcase for some of the gallery's core artists.

The booth exemplifies the gallery's diverse international program with artists from Buenos Aires, Berlin, Dublin, London, Nairobi, Medellín, Vienna, New York, Boston, Los Angeles, Kansas City, Durham and Milwaukee. Distinctive sculpture and painting are being presented with each artist having their own wall or floor space in the gallery's large booth.
