

**Art Basel Miami Beach 2022 (Booth #H19)  
Galerie Peter Kilchmann, Zurich / Paris****For immediate release**

Founded in 1992 in Zurich, Galerie Peter Kilchmann has been one of the driving galleries that advanced the contemporary art scene in Switzerland. In the beginning, Peter Kilchmann exhibited mainly artists of his generation and has since strived to pave the way for aspiring artists with diverse backgrounds and from different parts of the world. Coinciding with its 30th anniversary, the gallery was expanded in October to include a location in Paris. A conceptual approach to the creative process and to socio-political circumstances is what distinguishes the gallery's program with artists covering all fields of creative expression including painting, video, film, photography, installation and sculpture. The gallery's presentation at Art Basel Miami Beach 2022 includes works by Francis Alÿs, Monica Bonvicini, Andriu Deplazes, Beatriz González, Leiko Ikemura, Raffi Kalenderian, Zilla Leutenegger, Teresa Margolles, Fabian Marti, Dagoberto Rodríguez and Paul Mpagi Sepuya. Zilla Leutenegger will be featured with the solo Kabinett presentation "Broken Kitchen", 2022. New artists in the gallery's roster will be Kenrick McFarlane and Simon Martin.
