

Jennifer Pastor
Red Row

16 Nov – 22 Dec 2023

greengrassi is pleased to present Jennifer Pastor's third solo exhibition at the gallery. The sculpture *Red Row* comes from an inquiry (beginning in 2006) into the history and events of the last legal cockfighting arena in the United States, shut down abruptly in a federal raid in 2007, leaving it frozen in action. Over time through a series of processes and selective unmooring of elements from the surrounding architecture, Pastor has completely altered it into new forms.
