

ZENO X GALLERY

OPENING SUNDAY APRIL 14 2013, 3 - 6 pm

After more than 30 years Zeno X Gallery moves the main focus of its program from the Antwerp South district to the east part of the city, Borgerhout.

The existing Zeno X Storage has been extended and is now connected with the neighbouring building as it originally was in the first half of the 20th century when milk factory Schellekens was housed there. The recently added part got a complete renovation overseen by the Belgian architects Coussée & Goris.

This expansion will stimulate Zeno X's further development and gives the opportunity to mount more prominent and larger scale exhibitions.

We are very proud to inaugurate our new gallery with a group exhibition with new works of all the artists.

April 17 - May 25 2013
Wednesday - Saturday 1-5 pm
