The gallery's presentation for Art Basel Hong Kong reflects the many relationships—with collectors, museums, and institutions—our artists have forged across the region. This strong selection celebrates the complexity and dynamism of the gallery's program and distinguishes this return to Hong Kong as an opportunity to re-connect with clients, curators, as well as the greater creative community as we look ahead in 2024.

Founded in 1989 in Los Angeles, Regen Projects is a contemporary art gallery committed to nurturing the careers of its artists and mounting important exhibitions of their work. The gallery represents an international, diverse, and cross-generational roster of artists working in a variety of media to significantly shape the course of art history and culture today.
