Artists' Picks

30 May – 24 August 2024

Twenty-five years ago, Galleri Bo Bjerggaard was founded. It has been an educational, exciting, and developmental journey, largely thanks to the fantastic team of artists and staff with whom the gallery has been privileged to work over the years. Galleri Bo Bjerggaard looks forward to continuing this journey in the coming years, focusing on promoting the art that the gallery has chosen to engage with.

To celebrate the anniversary, the gallery has decided not to hold a traditional retrospective of historical milestones but to look outward and forward. The gallery has invited some of the artists it has long collaborated with to help realise a more significant project: the exhibition "Artists' Picks."

The gallery has asked its artists to select another artist with whom they would like to exhibit. However, there is a small restriction: the chosen artist must be a living Danish or foreign artist who is not represented by another gallery in Denmark.

Reflecting on this collaborative process, Peter Michael Hornung notes in the accompanying catalogue: *Every artist dreams of being in good company, that is, together with the best possible artists. Perhaps the proximity to significant artists can even be inspiring, encouraging, and initiating.*

Galleri Bo Bjerggaard would like to take this opportunity to thank our gallery artists, guest artists and their galleries, who, through their participation and willing cooperation, have helped create a unique, diverse, and high-quality exhibition.
