www.thisisexile.com info@thisisexile.com +49.30.76233061

Opening hours: Thursday to Saturday, 12 - 6pm and by appointment

Note: This is the final exhibition at the current venue. After, Exile will be nomadic until a new home is found.

Martin Kohout: 5006 years of daylight and silent adaptation Jan 11 - Feb 15, 2014

Hibernation

is the default metabolic state for some

animals that exist

in this state

for the greater part

of the year at times

of

a metabolic energy crisis.

Conversely, up-regulation of metabolism and alertness is a widespread and common survival strategy in response to the availability of energy.
