« Destroy the image and you will break the enemy. »

Exposition du 6 septembre au 11 octobre 2014

Vernissage, vendredi 5 septembre, 18-21h

– I see your talents have gone beyond the mere physical level. Your skills are now at the point of spiritual insight. What is the highest technique you hope to achieve ?

– To have no technique.

– Very good. What are your thoughts when facing an opponent ?

– There is no opponent.

– And why is that ?

– Because the word "I" does not exist.

– So, continue.

– A good fight should be like a small play, but played seriously. A good martial artist does not become tense, but ready. Not thinking, yet not dreaming. Ready for whatever may come. When the opponent expands, I contract. When he contracts, I expand. And when there is an opportunity, I do not hit. It hits all by itself.

– Now, you must remember: the enemy has only images and illusions behind which he hides his true motives. Destroy the image and you will break the enemy.
