

REVUE 25

group show - highlights from 25 years
27 May - 01 August 2015

Christine Koenig Gallery turned 25.

REVUE 25 shows exemplary works from this period of time.

Glenn Gould - one of the gallerist's heroes - appears as cover picture for the show, re-enacted by austrian artists group G.R.A.M. It is a completely new work, because a review always means setting a course for the future, for the upcoming 25 years...
