JUERGEN TELLER

„The Clinic“

28. August – 26. September 2015

Jürgen Teller, 2015.

"I got tired of smoking and drinking. This clinic is the best thing I've done for my body and for my mind.

For my 50th birthday, my cousin Helmut gave me the most profound, beautiful and striking present. He made books out of my Dad's slide photographs , which were stored and forgotten.

Looking at those books made me cry. Dad killing himself, but seeing in those photographs it was not all dark days and realising what a great photographer he was. Being in Austria in this clinic, I remembered suddenly all those Austrian holidays and it made me think of those books my cousin made."

Contemporary Fine Arts is pleased to present the third solo exhibition with Juergen Teller. The artist lives and works in London.

On 18 September, during „Berlin Art Week“ from 6 until 8 pm, there will be a reception in the gallery space in the presence of the artist.

A catalogue will be published by Snoeck Verlag on the occasion of the exhibition.
