*Fences & Windows*

Vyner Street, E2  
18 May – 23 June 2018

Modern Art are pleased to announce a group exhibition titled 'Fences & Windows'.

Fences & Windows will bring together a group of artists whose work uses reduction, economy, and minimalism to explore ideas of labour, potency, brutality and powerful reciprocity. Many of the artists in this show make works that transform or reposition objects and suggest propositions in sculpture upon which the viewer might interrupt their own meaning.
